Footnotes:

1 A benefit period begins on the first day you receive service as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row.

2 You will pay one-half of the cost-sharing of some covered services until you reach the annual out-of-pocket limit of $5,120 each calendar year. However, this limit does NOT include charges from your provider that exceed Medicare-approved amounts (these are called "Excess Charges") and you will be responsible for paying this difference in the amount charged by your provider and the amount paid by Medicare for the item or service.

3 This amount counts toward your annual out-of-pocket limit. Once you reach the annual limit, the plan pays 100% of your Medicare copayment and coinsurance for the rest of the calendar year.

4 Notice: When your Medicare Part A hospital benefits are exhausted, the insurer stands in the place of Medicare and will pay whatever amount Medicare would have paid for up to an additional 365 days as provided in the policy's "Core Benefits." During this time the hospital is prohibited from billing you for the balance based on any difference between its billed charges and the amount Medicare would have paid.

Note: Medicare deductibles and copayments are effective through December 31, 2017.
